Important Notice.

We find it necessary to call the attention of our yearly advertisers to the fact that after the 1st of January, 1856, we shall confine them strictly to their contracts, or, what amounts to the same, charge extra for all over and above. Some of our advertisers have been getting about twice as much as their contracts called for; we cannot permit it any longer. See our published terms.

☞ Nothing can surpass the folly and absurdity of the pretensions set up by the Abolitionists about Kansas. When a government there was regularly organized, with all the forms and sanctions that a government could have, a party call a mass meeting, and resolve to supersede the Territorial government, and treat all its sanctions with contempt. The excuse set up for this is, that there were lawless proceedings at some six or seven precincts in the Territory; that men voted who had no right to vote. It is not pretended, however, that the seats of men elected in this way were contested and the charges proved; whilst it is admitted that some of the elections were set aside by the Governor, and new ones ordered and had, and that the members all finally held commissions regularly from the Governor. Lawless proceedings there may have been in some of the operations of the government; and grant that some bad laws may have been made, shall that furnish an excuse for a party government, formed by revolution, and carried through by a party in that Territory? The other party in the Territory have just as much right to meet, fix up a government better to their taste, treat with contempt the regular authorities, and present a rival delegate to the two already at Washington.

A public meeting of the disaffected in that region can set a day for electing a Delegate to Congress, and send him before that body with just such claims as Reeder has. The whole proceeding of this Freesoil party is a burlesque on the idea of government. It is unlike anything ever previously proposed in this country, and resembles more the revolutionary movements of Mexico or some of the Central or South American States. These revolutionists have plenty of sympathizers in Congress, but the thing is too ridiculous to be discussed by that body; so they spend weeks in Congress discussing the question as to whether they shall send for persons and papers to investigate the state of affairs in that Territory. The most resolute Freesoilers have not mustered impudence enough to indorse the pretensions of these revolutionists. They evade a point so preposterous and indefensible.

A party in New Mexico could as well meet, denounce the regular government, set up a new one made by their own faction, in contempt of all Congress had done, and claim to send a Delegate to Congress. Unscrupulous partisans of the public press have less disguise about the matter. They appeal to Sharpe's rifles, and send men and money to effect their purposes. This is naked revolution, and exposes the authors to the penalties of treason; and we are inclined to think that it would have a salutary effect to make an example of a few who undertake to trample, with scarcely an excuse, upon the regular forms of government.

In this country revolution for good cause is no heinous sin; but in this case no plausible excuse is given. There is no evil that the government, under its regular forms, will not remedy, and that, too, without difficulty. Nothing is proposed to be gained that is not already enjoyed, except a party object; and the merit of that is, to put some of the outs of office in. It is highly probable that an ignoring and pretermitting party could get up a public meeting in Kansas, hold an election of their own, and send another Delegate to Washington to claim his seat. The thing could not be made more ridiculous than it is now. The whole effort is made to discredit the doctrine of self-government in the Territories; make its operation appear ridiculous. But they only prove that the demagogues and partisans engaged in this matter are unfit for self-government, and still more unfit to govern other people. The people of the United States will so consider, and act accordingly.

☞ The editor of the Louisville Journal has a long tirade about agitation and the Democrat, the meaning of which is very incomprehensible. He betrays his Abolition proclivities in the opinion that the South always loses by agitation. So the Abolitionists think, and hence they agitate. If the editor of the Journal can persuade his Abolition allies to cease agitation he may do a service. Our friends in the Free States are compelled to agitate to meet agitation. They have passed and advocated a wise measure and a just one—the repeal of the Missouri compromise. They have defended and justified their action everywhere, and that is agitation. They don't ask a change of laws—they want them let alone. They have never adopted the plan of begging Abolitionists to let them alone. They have hurled defiance at them and their agitation. The position of the editor is, that the Kansas-Nebraska bill was right in principle, but it was wrong to pass it, as it would provoke Abolitionists to agitate. The right can't be sustained against agitation—the South always loses by it. If that is the case, the sooner we know it the better; it is time the country had a master. We don't wonder at the editor's weakness in the faith; his party is weak and broken down by this agitation.

We take a different view of the matter. The Kansas-Nebraska bill can't be beaten in this country, nor the party that passed it. Let it be agitated; the more the better. The party that stands by it will override all factions. It is false that a policy that is right will not be sustained by the people of the United States. They will show next November that they will sustain the right. All hopes and fears for the success of Abolitionism or Know-Nothingism may be dismissed. We need not be told that it was wrong to pass the Kansas-Nebraska bill, although it was right in principle, for fear of agitation. Agitation is a bugbear to some politicians. The success of the agitation against the bill is at an end now. The agitation will not break down the bill, but the agitators. They would have succeeded, it is true, if the North and South had acted as the Know-Nothings did; but the Democracy acted otherwise—they met agitation with agitation.

The editor wishes to know what the South wants. Well, she wants to defend herself against a vile crusade; and both she and her friends will show her enemies that they can be met by as great an agitation as can be raised against her. She has no favor to ask of agitators, and no importunities to employ. She will not beg for peace. She will conquer a peace. The editor of the Journal need n't tell us that he and his allies are a dangerous body—that they can crush the South by agitation, and that, too, when she has right on her side. He may hope or despair as either suits him; but the right will win by agitation, in spite of the great bugbear of agitation that he would conjure up to frighten men out of a just and constitutional policy.

☞ We see that some of the associate editors of the Journal are still brazen-faced enough to say Sand Creek. One would suppose that there was hardly audacity enough in one party to recur to the broken-down lie of an anonymous scribbler, who showed before the whole community his capacity to tell a lie, without the courage to stand up to it, or the honesty to tell the truth. It takes a man as unscrupulous as the inventor to use such an acknowledged falsehood.

☞ The Know-Nothings are publishing an extract from the will of Gen. Jackson, in which he calls A. J. Donelson his beloved *son*. The editor of the Nashville Union took the trouble to examine the will, and finds the word *nephew*, instead of *son*, as published. Who is guilty of this small lie? Isn't a party hard run for merits in a candidate that would resort to such an expedient to enhance them? It is something to be a nephew of one's uncle, but it is still more to be the son of one's father.

☞ No paper has raved more about foreign influence than the Louisville Journal. The editor affects great horror of the immigrant who expatriates himself and swears allegiance to this Government, merely because he was born in other lands; but the editor is daily publishing columns on the foreign side of a question against his own country. His zeal for the interest of England is unmistakable; and that too, when all parties in this country are of one mind on this particular subject. The editor can't endure a common Englishman or Irishman; but let one be a lord, with the seals of office, and in a controversy with our Government, and the said editor is for him. His intense Americanism leads him right to Queen Victoria, and against the United States.

☞ Dan. Hagan, aged 19, was convicted of murder a few days ago in the Hickman circuit court, and sentenced to be hung on the 16th of May. An appeal has been taken.

☞ The Princess Galitzin has been arrested for debt in London, her husband, belonging to one of the richest families in Russia, having stopped her supplies.

☞ The weekly edition of the New York Tribune is now within a few hundreds of *one hundred and sixty thousand* copies. Its aggregate circulation is considerably over two hundred thousand copies.

EMIGRATION OF CHILDREN.—The New York Juvenile Asylum sent out another large party of children to the West, by the Erie Railroad, last Tuesday, under the superintendence of Mr. Wetmore.

☞ Our friend, Jno. M. Hewitt, the great daguerreotypist, has gone to Lebanon, Ky., to take the countenances and money of the good people up there. May he take many of the former and more of the latter.

PHYSIC IN ABUNDANCE.—The statistical returns of Providence, R. I., show that two patent medicine establishments in that city rendered the enormous product of 1,000 barrels and 432,000 bottles of medicine, to the amount of $700,000.

☞ Yesterday was Easter Sunday, and was appropriately commemorated by the different religions denominations. The congregation at the Cathedral was the largest we have ever seen in this city.

DROWNING OF A MINISTER AND HIS WIFE.—The Rev. John Bayley (a member of the Virginia Methodist Conference) and his wife were drowned last week in James river, in one of the lower counties of Virginia. Mr. Bayley is said to have been an able preacher, a good writer, and a truly pious man.

☞ The managers of the "Louisville Orphans' Home" take pleasure in acknowledging the receipt of twenty-five dollars from H. Bridges, Esq., it being the proceeds of the sales of waste tobacco at Todd's warehouse. They would also state, that this is not the first kind remembrance they have received from the same benevolent source.

☞ The weather has been somewhat variable since Friday. Yesterday morning we had snow, with a slight sprinkle of rain, but by ten o'clock the sun was shining brightly, and a more beautiful and pleasant afternoon we have rarely ever seen.

☞ The bark Julia Ann, of and for San Francisco, from Sydney, was totally wrecked on the 3d October, in the vicinity of Tahita. The captain and crew were on an uninhabited island two months, subsisting principally on turtle, sharks, and cocoanuts, and a supply of water which they procured by digging.

DEMOCRATIC VICTORY.—The Democratic candidates for Mayor, Recorder, and all other municipal offices, have been elected by handsome majorities over the Know-Nothings, in Camden, N. J. To the councils the Democrats elect seven out of the eight members, and one is in doubt. Camden is an old stronghold of nativeism. The Democracy seem to be triumphant *everywhere*.

A NEW VERSION.—Kossuth thus interprets the Central American Treaty: "Two travelers had but one horse; one of them proposed an agreement on these terms: the first half hour you shall walk and I will ride; the second half an hour I will ride and you shall walk. Just such would be the Central American treaty, according to the English interpretation."

A MODERN PENTHESILEA.—A tax collector on Long Island involuntarily robbed a lady of her valise last week. He was riding along in a buggy, when and he overtook, and acceded to her request to take her as a passenger. Not liking her appearance—which was decidedly masculine—he dropped a glove, and when she got out for it, drove off rapidly. The lady fired a pistol twice at him without effect—and the valise was found to contain a pair of pistols and a bowie knife.

☞ Sarah Haycraft, who is under sentence of death in St. Louis, was baptized on Thursday last.

MAILBOAT LINE TO CINCINNATI.—This old established line is full of business crowds of passengers, and full of freights from day to day.

☞ The Democrat is supplied to the country at fifty cents per month, and furnished with the utmost promptness through the early morning mails. It costs five dollars per annum, payable always in advance.

RIGHT AND TRUTH VINDICATED.—John M. Bell has been recognized as Sheriff of New Orleans by the Supreme Court, and has appointed his deputies. A just rebuke to the ballot box burners.

CITY IMPROVEMENTS.—We notice some preparation for building. On the corner of Sixth and Main workmen are busy preparing the cellars and furnishing the foundation stone for a fine block of buildings to be put up for Wm. Reynolds, Esq.

THE CITY COURT.—This court, holding its morning session (Sunday's excepted) at Courthouse, No. 2, calls the odds and ends of all portions of the city together. Nearly everybody and everybody else drop in occasionally to see the litigants, and hear the grievances of the parties appearing there.

THE STREETS.—While the city scavengers have been quite active in removing the winter's accumulation of ashes, mud, and dirt from many portions of the city, Market street, in many places, is most impassable. Perhaps the villainous odors arising therefrom are intended as *seasoners* to the good things in market.

DEEP SNOW DRIFTS.—Some of the snow drifts cut through on the Boston and Albany railroad, last week, between Washington and Hinsdale, were twenty feet deep.

WHERE SOME OF THE MONEY WAS INVESTED.—It now appears that Mr. Garland, the great defaulter, is part owner of the New Orleans Crescent, the Know-Nothing organ of Louisiana.

☞ It is said that the Miss Foxes, or Misses Fox, have realized a fortune by snapping the joints of their big toes, which the gullible public mistook for spiritual rappings.

☞ Havana advices of March 10th state that the British ship-of-war Powerful had arrived there with orders to unite all the English and French naval forces stationed in the Mexican Gulf, and to start immediately for the gulf.

☞ Top boots are all the spasm in New York now. The cream of Broadway wear tassels to them, and a sporting whip thrust out from the side pocket completes the tableaux. Gilt edge shirt collars are expected to make their appearance next month.

ELECTIONS TO COME.—New Hampshire having led off the pre-presidential elections, will be followed by Connecticut, on the first Monday of April, and Rhode Island the Wednesday ensuing. There are no other elections earlier than August.

IMMIGRATION.—The number of immigrants arrived at New York during the months of January and February, 1856, was 4,568—a decrease, as compared with the corresponding months in 1855, of 9,040.

☞ Mitchell & Hubbard's drawer was broken open on Saturday night and robbed. A check drawn by Shallcross & Guy, for $100, in favor of Mitchell & Hubbard, on Gray & Co., and dated Saturday, was taken out. The public are cautioned against trading for said check.

(For the Louisville Democrat.)

The following gentlemen are requested to make the race for Alderman and Common Council in the Third Ward, by MANY CITIZENS.

Alderman—Coleman Daniel.

Common Council—J. S. Lithgow and Thos. P. Jacob.

ABOLITION PRESIDENTIAL CONVENTION.—Gerrit Smith and Lewis Tappan (white men), and Dr. James McCune Smith (colored man); and others, have issued a circular asking for names to be affixed to a call for a mass convention to be held at Syracuse on the 20th May next, "to nominate candidates for President and Vice President of the United States—not merely anti-slavery candidates, but thorough abolition candidates."

AFFAIRS IN UTAH.—It appears from the annual message of Brigham Young, that the revenue of the territory for the past year amounted to $17,348, being an increase of $10,962 over the previous year. The public indebtedness is only $12,177. A better educational system is recommended by the Governor. The fortifications of the territory are advancing towards completion, its manufactures increasing, and property rapidly rising in value.

☞ The proprietor of the Nicaragua line of steamers, C. Vanderbilt, Esq., gives notice that the line is withdrawn for the present, in consequence of the extraordinary conduct of General Walker, in seizing or taking by force the property of American citizens. He says that the ships of the Company shall lie at the wharves until the Government has sufficient time to examine and look into this outrage committed upon the property of the company.

THEATRE—BENEFIT OF MRS. COLEMAN POPE.—We were much pleased to see so good a house at the theatre Saturday night. The entertainment was received with continued shouts of applause. To those who visited the theatre during Mr. Davidge's engagement, it is not necessary for us to say one word in his praise—they missed most who staid away. Talent such as his is very rare, and should be liberally encouraged. He leaves us, we understand, for Indianapolis, where he performs to-night at the Athenæum. We earnestly commend him to our many readers in the Railroad City, and to our friends of the press. Give him a welcome. We grow better pleased with the singing of Mrs. Sarzedas the oftener we hear it. She sang with great beauty of voice and much correctness in time and tone. The orchestra gave us a very pretty little medley of "Uncle Ned," "Swanee River," and "Carry Me Back." The trombone solo in Uncle Ned was rendered with a richness of tone, correctness in time and execution that was delightful; and the flute solo in "Swanee River" was brilliantly and beautifully executed. The flute is sometimes about one quarter of a tone too high, but we did not notice it Saturday night. For the first time in our recollection the audience cheered the orchestra, while performing this medley.

To-night, as all who read the papers know, Mrs. Coleman Pope takes a benefit. It is the first time she has presented her claims to the public, and they will certainly respond liberally to the call. She has labored long and diligently in her arduous profession, added much to the delight of playgoers, and deserves a tribute of respect. As an actress she is always good—sometimes most excellent; while as a woman she has gained the respect and esteem of all who have become acquainted with her. She presents a bill which ought of itself to draw a full house—including "A Bold Stroke for a Husband" and "All that Glitters is not Gold." The cast for both pieces is a strong one. In the first, Mrs. Pope appears as Donna Olivia, Mr. Hanley as Don Julio, Lorton as Don Cæsar, Wood Benson as Don Vincentio, Ashmer as Don Carlos, and Mrs. Henry as Minette. In the second, Mrs. Pope appears as Martha Gibbs, Hanley as Stephen Plum, Lorton as Jasper Plum, Benson as Toby Twinkle, Henry as Frederick Plum, Mrs. Laws as Lady Leatherbridge, and Mrs. Sarzedas as Lady Valeria. We anticipate a delightful evening's entertainment, and hope to find a crowded house—a compliment the actress and the lady well deserves.

THE CONCERT AND BALL.—Such of our friends as are fond of the dance, or have a taste for music, will of course remember the grand concert and ball to be given at the Mozart Hall to-night, for the benefit of the German Protestant Orphan Asylum. We are glad to say that the affair promises to be one of the grandest, and of course one of the most pleasant, of the season. A number of very beautiful ladies, who are highly gifted and accomplished in the musical profession, have kindly volunteered their services for the occasion, and will sing a number of songs, duetts, etc. Prof. Mason has also volunteered. In view of the object to be attained, we hope there will be a large party present.

NASHVILLE RAILROAD.—The advantages of a railroad leading to Nashville are beginning to be experienced in the completion of that road as far as Shepherdsville. When the cars first reached that point they were looked at by many as rare and curious things. Now they are a public necessity to the people along the road, and especially to merchants and traders, who have heretofore been obliged to haul their goods and produce to and from our city. From a very small beginning the receipts are now averaging nearly fifty dollars per day.

FILLMORE IN NEW JERSEY.—The nomination of Millard Fillmore appears not to be well received in New Jersey, either by the people or the press. There are 65 newspapers in the State, of which 20 are Whig and Know-Nothing, 18 Democratic, and 17 neutral. Of these only seven have hoisted the Fillmore and Donelson ticket, and these are five of the Whig and Know-Nothing and two of the so-called National journals. It seems only one of these—the Newark Daily Eagle—which, previous to becoming a Know-Nothing, was the Democratic organ of Essex.

BLACKWELL'S SARSAPARILLA.—There is no medicine in the country more popular than Blackwell's Sarsaparilla. There is a heavy demand for it in all the Western and Southern States, and that demand is increasing daily. On Saturday we saw several wagons in front of Dr. Vaughn's store, heavily laden, for the interior of the State. The proprietor here has a large force steadily employed in its manufacture, and is yet unable to fill all the orders that are crowding upon him. It is, emphatically, the people's medicine, and is fast taking precedence over all others.

☞ For the information of our readers we report the sales at auction to be made by Mr. C. C. Spencer this week. This (Monday) morning, the 24th, household furniture at the residence of Mr. Ahlmark, on Seventh street, near Chestnut. Sale at 10 o'clock. Tuesday morning, 25th, groceries, liquors, &c., at auction rooms, No. 520 Main street. Sale at 10 o'clock. Wednesday and Thursday mornings, the 26th and 27th, at 10 o'clock, sale of clothing at W. Samuel's store, corner of Fourth and Market streets. Friday and Saturday mornings, the 28th and 29th, at 10 o'clock, the elegant rosewood furniture of Mr. J. A. A. Benfield, at his furniture warerooms, on Fourth street, between Market and Main; and on Saturday afternoon, the 29th, at 3½ o'clock, 31 building lots finely located. We commend these sales to the consideration of our readers.

The Indiana Trade.

It will be seen from the following, which we take from the Indianapolis Sentinel, that the business men of that city have determined to withdraw their trade from Cincinnati, and urge merchants, mechanics, tradesmen, &c., throughout the State, to do the same thing. The relentless war being made upon them by the Cincinnati brokers has produced this determination.

Our Indiana friends will find in Louisville as fine stocks of goods as they have ever found in Cincinnati, and at prices equally acceptable. Let them give us a trial. We think they will have no cause of complaint against us:

COMMERCIAL CONVENTION.

To the Merchants, Mechanics, Stock and Produce Dealers, and Brokers of Indiana.

INDIANAPOLIS, March 21st, 1856.

Whereas, an unscrupulous and unrivalled for warfare has been made, by the brokers and wholesale dealers of Cincinnati, upon the Indiana banks: and whereas, the said brokers and merchants have established in the city of Indianapolis an agency, for the express and sole purpose of "sorting" and sending home to the banks, for redemption, every dollar of Indiana money which they can procure. And whereas, the result of such action on the part of the Cincinnati brokers and merchants has been, and will continue to be, highly prejudicial to every department of the trade and business of Indiana, we would beg leave to call your attention to the matter, as follows:

Within the short space of eighteen days, these Cincinnati brokers and merchants have returned to our Banks, for redemption, the almost incredible sum of $850,000. This large amount of the currency of Indiana has thus been *forced out of circulation*. It is well known to every businessman that Indiana has not, by five millions of dollars, at least, sufficient currency to meet the demands of business. If, therefore the small amount of currency which we have is forced out of circulation, the result will be disastrous to the entire business interests of Indiana.

What inducement can there be for the banker to issue his notes when they are returned to him within a few weeks of their issue. The policy of the Cincinnati merchants and brokers in "running" the Indiana banks has already began to develop its injurious effects upon the business men of Indiana. The banks are compelled, in self protection, to refuse accommodations to stock dealers, produce buyers, and merchants. The result is, that the farmer will be unable to realize the cash he expected, to meet his maturing bills with the merchant; and the merchant will be unable to meet his bills (if these "runs" upon our banks continue) as they mature. The result will be, as every shrewd business man must see, a great pressure in the money market, and great commercial and financial embarrassment to all branches of trade—mercantile, agricultural, and mechanical.

The business men of Indiana have the remedy for these evils in their own hands; and that remedy is, *the withdrawal of their trade from Cincinnati;* thus taking from the business men and brokers of that city, the means of harassing and embarrassing our trade.

With a view to the adoption of such measures as are necessary to the protection of the business interests of Indiana, you are earnestly requested and urged to attend a convention of the MERCHANTS, MECHANICS, PRODUCE AND STOCK BUYERS and BANKERS of Indiana, to be held at Indianapolis, on Thursday, the 10th day of April, at which convention you will meet the leading business men of the State, and by harmony of action will be able to adopt such measures as will effectually rid our State of such impositions as she has heretofore suffered at the hands of the Cincinnati merchants and brokers.

Seizure of a Suspected Slaver.

The Schooner Falmouth Libeled by the United States District Attorney.

INTERESTING NARRATIVE OF THE CAPTURE.

We take the following from the New York Herald of the 19th inst.:

"Notwithstanding the stringent provisions of the law of 1818 against the fitting out of slavers in the United States, it is well known that a large number of vessels annually leave this port to cruise on the coast of Africa, where negroes are bought and taken to Cuba or the Brazils, and sold for slaves. The United States officials at this port have frequently seized such vessels; but owing to the difficulty of convicting the parties, and the means taken to escape detection, no result has ever been arrived at, and the traffic still continues with unabated vigor.

"Early on Sunday morning last, information reached the United States District Attorney that a schooner lying at the foot of Fourteenth street was fitting out as a slaver, to sail on the coast of Africa, whereupon Deputy Marshals De Angelos and Nevins were deputized to watch her, and make a seizure, did any suspicious circumstances transpire to warrant them in doing so.

"On Monday evening the mysterious vessel hauled out in the stream, and drifted up with the tide to Astoria, and there anchored. There she was joined by another schooner, towed by the steam-tug Ajax, from which large quantities of stores were taken and placed on board the Falmouth. This was about dusk in the evening.

"The secrecy attending all the movements of the vessel and those on board led the officers to suspect all was not right; and on receipt of the intelligence that she would probably sail during the night, they posted back to the city in great haste, where they arrived late in the evening. They called at the house of Mr. Joachimssen, the Deputy District Attorney, but found that officer had gone to Laura Keene's Varieties, to witness the new play; so they started for the theatre and notified Mr. Joachimssen, who immediately sent word to Mr. McKeon, the District Attorney, who was at the dinner of the Friendly Sons of St. Patrick, at the Metropolitan Hotel.

"Mr. McKeon authorized the officers to hire a steam tug and seize the suspected vessel before she left the harbor, and at the same sent word to the Navy-yard, Brooklyn, for a file of marines to aid the officers.

"Thus instructed, the Marshals hired the steam tug Only Son, and with twelve marines, under command of Captain Watson, went down the bay to head off the Falmouth. All this was done after midnight.

"Meanwhile the mysterious schooner dropped slowly down the river until she came to Sixty-first street, where over fifty hogsheads of water were taken on board, when she continued her voyage, aided by the steam-tug Ajax.

"Morning had broke before the Falmouth reached the Narrows, and in another hour she would have been out of all danger of capture, but fate had decreed otherwise. The Only Son ran alongside the vessel, and before the astonished crew know what they were about, twelve marines precipitated themselves on the deck. Three of the men rushed for the cabin, apparently with a view to destroy some papers that might lead to detection, but the officers were too quick for them, and sprang to the doorway, telling no one to enter under peril of their lives.

"The steam-tug Ajax would not come to when ordered, and one of the marines seized an axe and cut the hawser that bound her to the Falmouth, when she steamed up and made way for the city, with all possible speed, without an inquiry from on board as to the cause of the stoppage. The schooner was then towed up to the Navy-yard, where she was placed under charge of Lieutenant Decatur.

"Yesterday at noon District Attorney McKeon and his deputy, Mr. Joachimssen, visited the captured vessel for the purpose of inspecting her and the crew, twelve in number, all of whom were placed in arrest.

"They found the Falmouth to be a long, low, black craft of about two hundred and fifty tons burden, with raking masts, and altogether a very piratical-looking concern in appearance, whatever she may be in reality.

"On her stern are painted the words 'Falmouth Baltimore,' and the American eagle adorns her prow. The vessel was open under deck from the cabin to stem, and boards were found to erect, it is supposed, a slave deck, that would hold, as one of the officers remarked, 'about six hundred niggers.' The search of the vessel revealed many curious circumstances. On deck was found a large medicine chest, with castor oil, lint, and drugs, evidently intended for a larger company than those on board the ship, in which there were only thirteen persons. Between decks were over fifty hogsheads of water, large stores of rice, beans, farina, and preserved meats, such as are used by slavers. Large copper pots and pans for boiling large masses of food at a time, with ladles and spoons to match, and many other questionable appurtenances. About the deck was a number of extra spars. In the cabin were found charts of the west coast of Africa, and a large quantity of bunting to make American flags.

"But if these circumstances spoke for themselves, the crew on board were not so communicative, but were as silent and as non-committal as the members of the Know-Nothing fraternity are said to be. None of them know how they had got on board, who had shipped them, where they were going to, nor what the captain or owners' names were. All on board the vessel were Portuguese, and either did not, or pretended not, to understand a word of English. The captain was a myth. No one on board acknowledged the title or could tell who that functionary was. Three of the men said they were passengers, but could not tell who they paid their money to, or where the ship was going—though one of them, who was suspected of being captain, betrayed an accurate knowledge of St. Paul de Loando and Angola, both noted resorts for slavers.

"'Well, gentleman,' said Mr. McKeon, addressing Marshals De Angelson and Nevins, 'you have a fine prize here. According to the law those who seized a slaver or a vessel without an owner are entitled to half the vessel and cargo. This schooner appears to have no owner.'

"'Let us try if that is so,' responded one of the officers.

"Accordingly, every man on board the vessel was called up, but all in turn denied owning the suspected property, and the most rigid cross-examination failed to elicit any light on the subject. The following named persons were placed under arrest, and ordered to be taken to Kings County jail, there to await the further action of the District Attorney:

"Passengers—Jose Lopez, Casper Marrech, Joseph Antonio. Seamen—Manuel Fortunato, Antonio Gomez, Juan Grazzia, Alcert Rose, Antoine Jose, Manuel Gomez, Emmanuel Jose, Emmanuel Robert, Jose Asardo.

"A number of circumstances, which it would be improper to mention here, throw considerable suspicion on the Portuguese Consul, Senor C. H. S. De la Figaniero. It seems he was in communication with several persons on board, and knew of their whereabouts. The affair, however, is to be further investigated. The vessel now lies at the navy-yard, under the charge of the Deputy Marshal. It will be thoroughly searched this morning, and an inventory of all the goods taken."

BACHELORS.—In Petersburg, Virginia, these women-hating young men have organized themselves into a club and have stated meetings. The Express says, that at the last meeting, many rich and many dry toasts were drunk, from which it culls the following. It is useless to say that the whole party went home drunk. The fellows ought to be taxed for the privilege they exercise of abusing the fair sex. Here are the toasts:

The Bachelor—A living monument of virtue, liberty, and independence.

Woman—

"Imagination oft has told me,
That all must love thee who behold thee;
But ah! this record will forever stand—
Woman! thy vows are traced in sand."

Old Bachelors—Like old wine, they become racy, spirited, and sparkling, as the hand of time places the cobwebs of age on their mortal tenements.

The Pleasures of Matrimony—Not worth possessing, when brought in comparison with those of the bachelor.

Our Independence as Bachelors—We will maintain it peaceably, if we can; forcibly, if we must.

Petticoat Government—Oh! how wretched is that poor man who hangs on woman's favor.

The Fair—Like the rose, beautiful—but, like it, invested with thorns.

The Matrimonial Compact—A consolidated government, anti-republican in its tendencies and only to be nullified by an appeal to the principles of a last resort, or by a forcible dissolution of the union.

Old Maids—A heterogeneous compound of animal matter—

Blue spirits and white,
Black spirits and gray,
Mingle, mingle, mingle,
Ye that mingle may.

FIRE IN GOSPORT.—We learn that a fire occurred at Gosport on Wednesday night last, by which three houses and several stables were destroyed. The fire caught in the dwelling of H. Wampler, and soon spread to his store, the dwelling of W. D. Alexander, and several large stables, all of which were destroyed. Hampler's loss is about $8,500—insured for $5,500. Alexander's loss is about $1,200—insured for $800. *New Albany Tribune*, 22d.

New Ohio State K. N. Council

THE FILLMORE MEN IN COUNCIL.

The Nomination Ratified.

SPECIAL LICENSE FROM BARTLETT.

We published on Saturday morning the proceedings of the Ohio State Council of the Know-Nothing Order, in which the nomination of Millard Fillmore and the man Donelson were repudiated, and the withdrawal of the Hamilton County delegation thereupon. We now copy from the Cincinnati times the proceedings of the seceders, composed of the Hamilton delegation, and a delegate or two from seven or eight other counties—forty seven in all.

CITY HALL, COLUMBUS, March 20, 10 o'clock, P. M.

Immediately after their withdrawal from the Republican Convention, the Ohio State Council of Americans proceeded, at eleven o'clock at night, to the City Hall, and there proceeded to repudiate the President of the Order, Capt. Thomas H. Ford, and to re-organize the State Council, under the following dispensation, granted by E. B. Bartlett, Esq., President of the American National Council of the United States, viz:

NATIONAL PRESIDENT'S OFFICE.

Whereas, It has been made to appear to me, from the action of the President of the State Council of Ohio, and from various other causes, that the welfare of the American Order requires that there should be an organization, in the State of Ohio, that fully recognizes the jurisdiction of the National Council, and maintains the integrity and unity of our Order—now, therefore, know ye that reposing especial trust and confidence in Thos. C. Ware, I, E. B. Bartlett, President of the National Council of the United States of America, by virtue of the authority vested in me, do by these presents authorize and commission the said Thos. C. Ware to fully and completely organize Subordinate Councils and a State Council, under the jurisdiction of the National Council, in accordance with the constitution and laws thereof.

In witness whereof, I have hereunto set my hand and affixed the seal of the National Council of the United States of North America. Done in the city of Covington, this 20th day of March, 1856.

E. B. BARTLETT,
President of N. C. U. S., N. A.

REORGANIZATION.

The American State Council being now thoroughly purged, and having read their commission from President Bartlett, proceeded to repudiate the late President of the State Council, Thomas H. Ford, by electing T. C. Ware, Esq., of Cincinnati, President by acclamation, to serve until the next meeting. J. V. Guthrie, of Champaign, was likewise unanimously elected Vice President, and D. H. Bailey, of Cincinnati, Secretary. The Treasurer of the old State Council retains his office, by virtue of election and his fidelity.

On motion of Dr. Merzies, a committee of six was appointed to draft an address to the people of Ohio, setting forth the reasons of the State Council for repudiating the late President, T. H. Ford, and to exhibit the position occupied by the American party of Ohio.

The President appointed Mr. Ed. W. Johnson, of Hamilton, chairman of said committee; the balance of the committee consisting of Daniel Scott, of Highland; D. McFarland, Scioto; W. W. Lamon, Richland; W. B. McCarty, Ashland, and E. A. Pendleton, Hamilton.

FILLMORE AND DONELSON RATIFIED.

Dr. Lippot then introduced the following resolution, which was unanimously adopted with enthusiasm, viz:

Resolved, That we cannot sanction the course of that portion of our delegates who seceded from the American National Convention—nor can we become parties to the construction of a merely sectional organization; therefore, we do ratify the nomination of MILLARD FILLMORE for President, and ANDREW JACKSON DONELSON for Vice President of the United States.

The Cincinnati Times of Friday evening has the following:

OFFICIAL.—We are authorized by Hon. E. B Bartlett, President of the National American Council, to announce that, by the power vested in him, he will forthwith REVOKE and ANNUL the Charter of the State Council of Ohio, illeg

SPECIAL NOTICES.

To the Public
OF THE UNITED STATES!

AN advertisement of Mr. UDOLPHO WOLFE, lately published, as I suppose, for the protection of his Schiedam Schnapps against counterfeiters, has come under my observation; and, being engaged in the manufacture of Schiedam Schnapps, were I to let it pass without notice, I might be considered among those he denominates *"Pirates and Venders of Poison."* But the immense patronage and success that has attended the sale of the article manufactured by me, and the opinion of competent judges as to its qualities as a beverage and its medicinal virtues, precludes the possibility of the idea that I am included among those he designs to impugn. No doubt he feels aggrieved at the depreciation of the sale of his Schnapps, which is manifest to all, since mine has been brought into competition with his. Not only have I succeeded in competing with him in quality, but the constant and increasing demand for my article will soon satisfy him that his caution to the citizens of the "Southern and Western States" will avail him nothing as far as I am concerned. The character of my Schiedam Schnapps is too well established in those States to be injured by any such invidious publication. The motive of his advertisement is obvious to every one, and feeling well satisfied that all such missiles thrown at me by him will fall harmless at my feet, I will here, for the satisfaction of the public, publish my Copy Right, entered in the Southern District of New York, on the 28th of December, 1851:

(COPY RIGHT.)

SOUTHERN DISTRICT OF NEW YORK, ss.

Be it remembered, That on the twenty-eighth day of December, Anno Domini 1851, Barnard L. Simpson, of the said District, hath deposited in this office the title of a print or label, the title of which is in the words following, to-wit: "Barnard L. Simpson's Aromatic Schiedam Juniper Schnapps, a superior Tonic Anti-Dyspeptic Invigorating Cordial," the right whereof he claims as author and proprietor, in conformity with an act of Congress, entitled "An act to amend the several acts respecting copy rights."

GEO. W. MORTON,
Clerk of the Southern District of New York.

The word Schiedam Schnapps is derived from a town in Holland, called *"Shiedam,"* which is celebrated as a place of extensive juniper plantations and numerous distilleries of the above article, which has been known as "Schnapps" for centuries.

Does it not appear, now, poor and deceitful for U. W. to attempt to make a wrong and untrue impression on the public by asserting that the name "Schiedam Schnapps" belongs exclusively to his article, and that all others are counterfeits and imporitions?

U. W. has no monopoly, and no more right for the sole importation of Schiedam Schnapps than anybody else; and he may rest assured that I shall be the last to submit to his unjustifiable pretensions.

The great and increasing demand for my Genuine Schiedam Schnapps in Louisville, and throughout Kentucky, has induced me to appoint Messrs CLARK & JOHNSON, Wholesale Druggists, No. 509 Main street, as my agents for supplying the trade at my regular prices, and they will always be furnished with a full stock of both quarts and pints, safely packed, in good shipping order.

I take pleasure on this occasion to tender my sincere thanks to the public in general, and to my friends in particular, for the kind liberality with which they have patronized me from my commencement of this enterprize, and I assure them that I shall continue to provide them always with a genuine and superior article of Schiedam Schnapps. Necessaries or Life.

Flour, Whisky, and Tobacco have long been regarded as necessaries of life—but it is a mistake. We can't say Flour—that is, Daguerreotypists can't—for it is too dear; the temperance men won't let us drink Whisky, and the Tobacco crop is a failure. What we can't get it explain we must do without, and what we can do without is not a necessary. The proverb, then, is a false hood. But one of HARRIS'S Daguerreotypes—bright, sparkling, rich, bold, and clear—this we can get and cannot do without—that is a necessary of life. no23

Caution to Western Merchants!
WOLFE'S
Schiedam Aromatic Schnapps.

THIS celebrated medicinal beverage is manufactured at the factory of the undersigned, at Schiedam, Holland. He is the sole importer as well as the exclusive manufacturer of the article; and no preparation bearing the name of "Schnapps," that is not procured either from his establishment in New York, or from his agents in other cities, is genuine and reliable.

It is made from barley of the finest quality, selected with great care from the products of the most celebrated grain-growing districts; is flavored with the essence of the aromatic Juniper Berry of Italy, and is rectified by a peculiar process, which expels from the spirit every acrid particle.

As a means of preventing and correcting the disagreeable and often dangerous effects produced upon the stomach and bowels by a change of water—a visitation to which travelers, new settlers, and all unacclimated persons in the west, the south, and southwest are peculiarly liable—the Schiedam Aromatic Schnapps will be found absolutely infallible; while, in cases of dropsy, gravel, obstruction of the kidneys, diseases of the bladder, dyspepsia, and general debility, it is recommended most emphatically by the most distinguished members of the medical profession.

It is put up in quart and pint bottles, in cases of one dozen, with the name of the undersigned on the bottle and cork, and a fac-simile of his signature on the label. For sale by all respectable druggists and country merchants.

UDOLPHO WOLFE,
Nos. 18, 20, and 22 Beaver street, New York.

CAUTION TO THE PUBLIC.

Since the introduction of my Schiedam Schnapps into the United States, a number of liquor-mixers in New York, Boston, and Philadelphia, have commenced putting up mixed and poison gin, and calling it Schnapps. That name belongs expressly to my article; all others are counterfeits and impositions on the public.

CAUTION

TO PERSONS WHO DRINK AT BARS AND HOTELS.

Numerous complaints are made of persons who keep bars on steamboats and in hotels, who fill my empty bottles with common gin, and sell it to the unsuspecting for my SCHIEDAM AROMATIC SCHNAPPS. I would therefore advise all who drink the Schnapps at such places, TO MARK THE APPEARANCE OF THE BOTTLE; and if the outside wrapper or label should be defaced, TO REFUSE TO DRINK, unless a fresh bottle is opened.

Ayer's Cathartic Pills.
PILLS THAT ARE PILLS.

Prof. HAYES, State Chemist, of Massachusetts, says they are the best of all Pills, and annexed are the men who certify that Dr. Hayes knows, viz:

H. J. Gardner, Governor of Massachusetts.
Emory Washburn, ex-Governor of Massachusetts.
Simeon Brown, Lieut. Governor of Massachusetts.
E. M. Wright, Secretary of State of Massachusetts.
John B. Fitzpatrick, Catholic Bishop of Boston.
Prof. John Torrey, of the College of Physicians and Surgeons, New York city.
Dr. C. T. Jackson, Geologist of the Public Lands of the United States.

MEN THAT ARE MEN!!!

Among the diseases this Pill has cured with astonishing rapidity we may mention Costiveness, Bilious Complaints, Rheumatism, Dropsy, Heartburn, Headache arising from a foul Stomach, Nausea, Indigestion, morbid inaction of the Bowels and pains arising therefrom, Flatulency, Loss of Appetite, all Ulcerous and Cutaneous Diseases which require an evacuant medicine, Scrofula or King's Evil. They also, by purifying the blood and stimulating the system, cure many complaints which it would not be supposed they could reach—such as Deafness, partial Blindness, Neuralgia and Nervous Irritability, Derangements of the Liver and Kidneys, Gout, and other kindred complaints, arising from a low state of the body or obstructions of its functions. They are the best purgative medicine ever discovered, and you will but need to use them once to know it.

Prepared by Dr. J. C. AYER, Lowell, Mass., and sold by J. C. Ayer & Co., Cincinnati, all the Druggists in Louisville, Scribner & Devol, New Albany, and all Dealers in Medicine everywhere. mr12 d&w2m

FOR SALE.
FOUR HUNDRED NEGROES!
AND
10,000 Acres of Cane-Brake Land,
In Dallas and Perry Counties, Ala.

ON THE FIRST MONDAY IN APRIL NEXT (the 7th) I will sell, at Cahawba, Dallas county, Alabama, to the highest bidder, for cash, or Mobile "acceptances," at sixty or ninety days, bearing interest, one hundred and fifty likely Negroes; also, fifty others, on longer time—all acclimated, and experienced cotton-plantation hands.

I will also sell, at any time during this year, at private sale, for cash or on time, two hundred other valuable Negroes, (in lots to suit purchasers), and 10,000 acres of the very best and most advantageously situated "Cane-Brake" and "Black Land," including the nine Plantations known as the "Trigg Plantation," "Mud Hall," "Sixteenth," "King Plantation," "Bleviu's Place," "Ludlow," "Lodebo," "Holmes' Place," and the "Cross Roads," all of which, for cotton and corn, are inferior to no Plantations in the world. Also, an elegantly-improved and beautiful Residence, adjoining Summerfield, eight miles from the city of Selma, with about four hundred acres attached to it; the dwelling-house, offices, out-houses, grounds, garden, &c., are all in first-rate condition. These Plantations are seventy or eighty miles below the city of Montgomery, about one hundred and fifty miles above Mobile, and within, and near to, the Alabama river, which is at all seasons navigable for steamboats. Near seven thousand acres, including four of the Plantations, are on the Selma and Wood-ville railroad; and on this body of land, about fourteen miles from Selma, is located the depot at the junction of the Marion railroad with the Selma road, to and from which depot the cars run regularly. Of the other Plantations, one is on the Selma railroad; two are two miles, and two six miles distant, one of which is within six miles of the city of Selma. These Plantations are in the highest state of cultivation, with good gins, gin houses, cotton-presses, mills, negro cabins, ships, stables, artesian wells, &c.

I will sell them in tracts to suit purchasers, of 500, 1,000, 1,500, 2,000, or 3,000 acres, and so laid off as to give as much opened and fenced land to each tract as may be desired, and with or without the negroes, stock, plantation tools, corn, provender, &c.

Possession of the above Plantations and Negroes will be given to the purchasers at any time within the crop is growing, or in December or January next, as they may wish.

If not sold privately previous to the first Monday in December next, I will, on that day, at Selma, sell to the highest bidder such Negroes as may then be unsold.

Such opportunities and advantages were never before presented for those wishing to continue or to engage in the cultivation of cotton. It has been difficult for years past to find a Plantation in the "cane-brake" region for sale at any price, or even to purchase there a large unimproved tract.

These Plantations are, in fertility, facilities for transportation, and in all other respects, fully equal, if not superior, to any in the cotton-growing States; and I know that personal investigation will prove to the satisfaction of every one that no portion of the Union is more healthy than the "cane-brake" region of Alabama.

I will also sell privately, for cash or on time, one of the most beautifully-improved private Residences in the city of Selma, a dwelling-house and elegantly-finished large stock of brick buildings, including the large and most splendidly-located store rooms, offices, ball-rooms, &c., &c.

Also, several very desirable unimproved large Lots, and small tracts of Land to and contiguous to Selma.

Also, about three head of blood horses, among which are the celebrated "Brown Jack," recognized prior blood mares, several young stallions, geldings, colts, and fillies—all of them from the very best racing stock.

Among the Negroes are a first-rate trainer, several good race-riders, and many excellent mechanics, so as to insure sex and house-servants.

For further particulars, address the undersigned, or W. D. Lyon, Esq., Selma, or W. M. Brooks, at Marion, Perry county, Ala. The owners now on the Plantations will give all desirable information to those who may wish to make a personal investigation of the premises.

Dr. Price's Chronic Specific.
THIS REMEDY CERTAINLY has more efficacy than any remedy ever offered to the afflicted. This cannot be success fully controverted, as the evidence in its favor is so strong and conclusive. We will not give a long array of certificates. We will give but few, and these shall be from gentlemen high in standing and widely known, such as Hon. R. H. Underwood, Rev. Wm. L. Breckinridge, Judge Asher Graham, Judge Wm. V. Loving, Dr. Haggard, and Dr. L. G. Potter.

DR. PRICE'S CHRONIC SPECIFIC is the best Alterative, Tonic, and Blood Purifier ever compounded. It is adapted to cure Scrofula, White Swelling, Incipient Consumption, Female Diseases, Dyspepsia, General Debility, Rheumatism, Secondary Syphilis, Sore Eyes, and all Cutaneous Diseases, &c.

From Hon. J. R. Underwood.

I have seen many of Dr. Price's patients afflicted with the Scrofula, both before and after they were healed. It is certain that under of the most inveterate character seemed to yield readily to his chronic Specific. I have seen many certificates in possession of Dr. Price, bearing testimony to his of the success.

Bowling Green, Ky. JOS. R. UNDERWOOD.

From Hon. Wm. L. Breckinridge.

A servant girl in my family was afflicted with Scrofulous Sore Eyes. Notwithstanding she had medical treatment, upon the whole she grew worse, until I feared that she would become totally blind. She was placed under Dr. Price's treatment, and to all appearances a radical cure was performed. For several months past she has seemed to me, as she does now, to be perfectly free from any defect or soreness of the eyes, and to be in perfect health otherwise.

Louisville, Ky. WM. L. BRECKINRIDGE.

From Judge Asher Graham,
(Formerly a member of the Bench of the Court of Appeals).

I have seen some of Dr. Price's patients. They appeared to have been very much diseased, almost beyond all hopes of recovery. They now seem to be perfectly relieved. ASHER GRAHAM.

Bowling Green, Ky.

From Judge Wm. V. Loving,
(The American Candidate for Governor).

I have seen several of Dr. Price's patients; among others, Mr. S. H. Dickerson, of Monroe co. At the time I saw him he was diseased from head to foot. The left side of his face and neck was greatly enlarged and swollen. All of the left side of his neck, breast, and right shoulder were a mass of filthy diseases and running sores. As he would work his arms, the air would escape from the deep ulcers under his collar bones, causing filthy matter and blood to bubble out. The use of the probe had proved that some of these ulcers extended into the hollow of the body. Mr. Dickerson purchased under Dr. Price's treatment, who administered his Chronic Specific, and, strange to tell, a permanent cure was effected. WM. V. LOVING.

Bowling Green, Ky.

From Dr. D. R. Haggard,
(President of the Board of Internal Improvement).

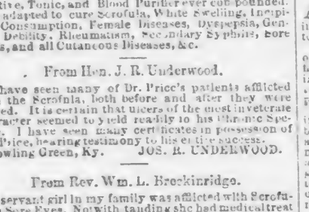
Within my own knowledge, Dr. Price, who now resides in Louisville, has been signally successful in curing the most inveterate cases that have occurred in Kentucky have been cured by the use of his Chronic Specific. When all hope had fled, he was applied to, and his treatment restored them to perfect health. Three of these cases were cured within a few miles of my residence. D. R. HAGGARD.

Burksville, Ky.

All persons who need Dr. Price's Chronic Specific, and doubt its efficacy, are referred to the distinguished gentlemen who have certified to the efficacy of the remedy. Write, and your doubts will surely be dispelled.

Dr. Price's Chronic Specific can be found at J. S. Morris & Son's, Main street, between Fourth and Fifth, and at our establishment, on west side of Sixth street, between Market and Jefferson, Louisville, Ky.

DR. PRICE'S CHRONIC specific retails at $3 per package. A liberal discount will be made to Druggists. A box of Chronic Pills will be added to every box of Chronic Specific free of charge.



CHERRY PECTORAL,
For the rapid Cure of
COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

"Wisdom shall bow down to it, and the great of the earth shall kneel before it."

NEVER COULD THIS BE SAID with more truth than it now applies to this remedy for affections of the throat and lungs. The exalted in learning and power acknowledge its supremacy, while both the little and the great can feel its benefits. The liberal minded among those skilled to cure are free to own its mastery over distempers which have baffled their art. Those of exalted stations are not ashamed to testify to its virtues, but deem it a duty and a pleasure to thus hold out the lamp of their experience to their suffering fellow men. Witness the following:

Lacour's Improved Process,
For manufacturing Liquors, Cordials, Effervescing Beverages, Vinegar, Bitters, Syrups, Essences, Wines, &c.

ALL KINDS OF LIQUOR CAN BE MANUFACTURED FOR 12 TO 50 CENTS PER GALLON.

AN OUTLAY OF $3 WILL FUR the apparatus for converting Whisky and Water into the strongest Vinegar in 36 hours, at a cost of two to three cents per gallon.

Barrels only vessels necessary for this purpose are Wine or Whisky barrels. The substances with which they are filled, for the purpose of making Vinegar, can be used in lieu of the forests of Orleans. Four hours is sufficient for the production of Vinegar, the publishers will forfeit $100 for every failure.

The most approved methods are given for constructing beer stores, coolers, slate, and other bottling and lager-cellars; all kinds of liquors, and for rend ring the appearance of old barrels new, and for giving age to new barrels. Instructions for detecting impurities or adulterations in all kinds of liquors, and for distinguishing French from other qualities of Brandy. Of the liquors mentioned below, the book gives two modes of making them; by the first they are made "in full," and by the second from the materials as given requiring only three days to complete. These are cheap unquors; their qualities will be artificial strength, fine taste, and beautiful color. HENRY WALTER & CO., Publishers, New Orleans, La.

☞ The great value of this work has been sufficiently proved by its adoption as a text book by the various liquor manufacturers of the city of New York.

RECOMMENDATIONS OF THE PRESS.

This work will be found to supply the dealer in liquors, wines, vinegar, &c., with a thorough teacher and guide amid all the varied and intricate processes of this business.—*N. O. Picayune.*

It were a work of supererogation to praise a book of Mons. Lacour's writing. The volume before us is remarkable for its completeness and the exact practical directions which it gives. Old manufacturers will find all of the old modes entirely superseded. The use of all of the old formulas would appear as the "foam of folly" in the presence of the new ones suggested in this work. One of the principal objects appears to be to avoid, as far as possible, the use of apparatus or expensive (to the operator) appliances of any kind in the manufacture of liquors, &c.—*New York Times.*

This volume contains the art of preparing and putting up the whole list of drinkables, from a choice pipe of Oard Dupny, of the vintage of 1795, to a simple and economical manner of making cider without apples, by fermentation. A friend has applied the recipe for converting 22 gallons of whisky into 40 gallons with the most satisfactory results. The latter quality does not possess an equal amount of intoxicating properties to the former, though the 40 gallons are of a much finer color, taste, and odor.—*New York Mechanic.*

This much talked of book is at hand. It contains a mass of information that is perfectly astonishing, and could only have been acquired from actual observation. If you wish to see in print all you have applied, look in a copy of Lacour on Liquor. Practicability appears to have been the design of the author. No delays are necessary to ascertain the results of an application of a recipe. We speak from actual observation.—*Wall Sun.*

This work will revolutionize the present style of manufacturing liquors.—*New York Herald.*

Lacour's book for instructing in the art of making and bottling cider, effervescing temperance beverages, liquors, wines, and pure vinegar for the table, should be in the hands of every housekeeper in the country. The copyright forbids, or we would give our readers the benefit of the many valuable recipes that this morning, some of the most valuable recipes that never appeared in print. How so much information can be given for two dollars is the most astonishing feature connected with the book.—*New York Times.*

LACOUR ON LIQUOR.—This is the most complete work on the manufacture of liquors that we ever met with; it contains an immense number of formulas for making every variety of liquors, wines, cordials, bitters, syrups, vinegar, &c. The work is published by subscription; the subscribers are dealers and importers of liquors in this city. This alone would speak more in favor of the reliability of the work than could be otherwise said.—*N. O. Delta.*

Quit Drinking Poisonous Liquors!

LACOUR'S PATENT IMPROVED PROCESS

For making all kinds of

Liquors and Vinegar,
INSTANTLY, BY THE USE OF Lacour's Essential Oils.

These Oils are obtained by Distillation at the Chemical Laboratory (parish of Jefferson) of Pierre Lacour, Author of Lacour's Chemical Analysis. Lacour's Chemical Manipulations, Lacour on the Manufacture of Liquors, &c.

LACOUR'S OIL OF COGNAC, converts neutral spirits into a superior imitation of Imported Brandies, viz: Otard, Sarzerac, Marett Cognac, Poultney, Seignette, United Vineyard Proprietors, Castillion, and London Dock Brandies. The Liquors will have a full fruity flavor, and a beautiful sparkling color. Common Rectified Whisky will be changed, by the use of the Oil of Cognac, to New York Brandy, Pine Apple Brandy, common Cognac Brandy, &c.

LACOUR'S OIL OF RYE changes common Rectified Whisky to Monongahela rye Whisky, old Virginia Malt Whisky, Bourbon Whisky, &c.

OIL OF CEDRAT changes common Rectified Whisky to old Irish Malt Whisky, and a superior article of Scotch Whisky.

OIL OF PEACH changes common Whisky to Virgin a Peach Brandy, &c. Oil of Peach and Oil of Cognac will convert young Whisky to Apple Brandy.

OIL OF GIN converts the poorest Whisky to Holland Gin, Scheidam Schnapps, Rose Gin, Swan Gin, English Gin, &c.

LACOUR'S CONCENTRATED ACID will, in five hours after being mixed, change five gallons of good Vinegar and twenty-five gallons of water, to thirty gallons of the most acid Vinegar that can be found in the market. By the use of Lacour's Concentrated Acid, Vinegar can be made for one dollar and sixty cents per barrel.

FOR MAKING LIQUORS, Lacour's Oils require no preparation—only pouring the Oil into the Whisky and shake well. The Liquids thus made will have a fine natural aroma—a full, rich, oily taste—a beautiful transparent color and a fine bead. Lacour's Oils exert three distinct properties in converting common Whisky to Brandy, Gin, &c. The first property combines with and subsides in the form of Flocculent particles the whole of the grain oil, (Amylic Alcohol,) the whisky, thus deprived of that peculiar irritating and burning taste, and becomes a neutral spirit; the second property consists in an oily mucilaginous taste imparted to the Liquor, which renders it mellow, and imparts a appearance of great age; the third property is exhibited in the rich, vinous, nutty odor that is imparted to the Liquor, which renders distinction from the Genuine Brands impossible.

☞ These Oils are put up in quart bottles, each bottle contains sufficient Oil for making 300 gallons of liquor. Full and comprehensive directions accompany the bottles. Price $2 per bottle.

☞ One bottle of these Oils (five in number) will be securely packed and shipped (with bill of lading) free of charge, to any part of the country, upon the receipt of $10, to the address of P. LACOUR, New Orleans.
